2. ORGANISATIONAL ENVIRONMENT

LiverWELL (incorporating Hepatitis Victoria) is the peak not-for-profit community-based organisation for people affected by, or at risk of, viral hepatitis and liver disease. It is governed by an independent Board of Directors with the Chief Executive Officer and staff performing day to day duties.

LiverWELL works to:

- Raise awareness of liver disease and prevent the transmission and impact of viral hepatitis
- Increase access and referral to quality information, care, treatment and support.
- Provide leadership and coordination for the community response to viral hepatitis and liver disease
- Offer a number of programmes for individuals and organisations that promote well-being, educate and increase the capacity of others to respond
- Influence the government, media and other agencies in relation to a stronger response to the challenges of viral hepatitis and liver disease in our community.

The organisation strives to address the needs of priority populations affected by viral hepatitis and liver disease including:

- Culturally and linguistically diverse communities
- Aboriginal and Torres Strait Islander people
- People who inject drugs
- People in custodial or post custodial settings
- People at risk of acquiring liver disease
- People needing increased access to management and care for liver disease

To achieve this LiverWELL collaborates with a wide range of stakeholders including researchers, clinicians, public health entities, community and health services providers, government, and community organisations. Throughout we are driven by and seek to represent the voice of people with lived experience of liver disease.

3. OUR VISION AND VALUES

Better liver health for Victorians, free from hepatitis and stigma.

OUR VALUES

- *Respect:* we respect all people affected by liver disease, promoting dignity and challenging stigma and discrimination
- *Inclusion:* we seek to understand and value the diverse circumstances and cultures of the people and communities with whom we work
- *Collaboration:* we work in partnership with those affected by liver disease and with others who share our values and aim
- *Impact:* we strive for maximum impact, building on evidence, being innovative and driving change to achieve better liver health

4. POSITION CONTEXT

Liver health is the ignored health crisis. In Australia, 6 million people are at risk and 1,400 die of liver cancer every year, the fastest growing cause of cancer death. It has a direct cost to the economy of approximately \$50.7 billion per year.

LiverWELL delivers a range of hepatitis education, community awareness, advocacy, training and workforce development programs for key priority groups traditionally within the Victorian community. These programs have been developed to reduce the risk of hepatitis, and to increase awareness of and support for people living with viral hepatitis and liver disease. The organisation is in a growth mode and is seeking to integrate clinical support services underpinned by solid clinical governance to our offering nationally.

The Manager - Clinical and Programs plays a key leadership role in the operations of LiverWELL, providing clinical, operational, and strategic support to the Chief Executive Officer. The Manager - Clinical and Programs has responsibility for a number of direct reports in relation to the clinical, education, health promotion, workforce training and participation programs of LiverWELL.
