

See, I'm Invisible

Isn't quizzical
That there is a principal
Where not governed by...
To be judgmental
And not knowing why
No matter the cause
Or curse
Or even worse
It's the uneducated fiction
You disperse

See, I'm invisible
By not coming out
Behind the wall
Just for your
Opinion ignorance and gall
No need to
Stall
Plead
Justify
Crawl

I'm covering for
A nasty individual
Though it's not
One you **C**
It's a hidden virus
Only known by
Those we love
And we trust

It would be
Too much
Unless it was
Those we touch
For you to ever
Question
Why?

What its name?
You ask
How did you get it?
You ask
And if you said it
Would it bring
You shame?
You cast

My answer to this
Is please
Don't take the piss
Stop now
And don't you dare
Hiss

Before I answer
Please be aware
It's making
Me miserable
Yes YOU and
Your judgemental principal
Though I'm not mental
Is the hold back fiscal?
Is that what's...

Made me feel invisible?
